DRAFT

28 August 1959

DEFINITIONS:

Intelligence Community: The Intelligence Community is comprised of that commission and those agencies, and departmental components or staffs holding membership on the USIB.

Intelligence Information: Information collected for intelligence purposes which has not been evaluated by comparison with the existing body of knowledge on the subject reported upon.

Intelligence:

Digests and summaries: Collections of evaluated current intelligence information accompanied by the evaluating office's comments, or collections of short evaluated articles each dealing with a separate subject which are intended to inform readers about current situations.

Finished Intelligence: A comprehensive study which takes cognizance of all available information and is intended to provide the reader with the best available estimate of status or trend for a particular area or subject.

Receiving Department or Agency: Contractors holding classified contracts and their personnel are not part of nor components of the receiving department or agency,
